## **Concrete and Masonry Restoration Receives Outstanding 2011 Small Business Honor Presented by Gr. Kansas City Chamber of Commerce**

Kansas City, MO (April 1, 2011): Concrete and Masonry Restoration Co, Inc. has recently been designated as a 2011 “Top 10 Small Business of the Year,” according to William R. Thomas, President. The distinction is awarded annually through a program established by the Greater Kansas City Chamber of Commerce to recognize outstanding area businesses with 250 or fewer employees. A team of judges selected Concrete and Masonry Restoration and nine additional honorees from a field of 119 nominated businesses based on each candidate’s business growth, financial performance, employee relations program, innovative business culture, and dedication to community involvement.

Founded by Thomas in 1995, Concrete and Masonry Restoration specializes in commercial and high-end residential remedial projects on concrete and masonry structures including buildings and residences. Services include concrete repair, restoration, preservation and maintenance. Structural concrete repairs are performed on columns, beams, walls, decks and overhead ceiling surfaces. The business restores or replaces brick, block, terra cotta, cut stone, and natural stone. Also offered is epoxy injection, utilized to repair structural cracks in concrete columns, beams, joists, and deck slabs. Concrete and Masonry Restoration applies a variety of specialty coatings for concrete and masonry including acrylic, decorative, protective, chemical-resistant and urethane. Projects have included area chemical manufacturing plants, office buildings, hospitals, churches, schools, hotels, office buildings, condominiums, and dams.

Concrete and Masonry Restoration Company is a former member of the Helzberg Entrepreneurial Mentoring Program and current member of the Greater Kansas City Chamber of Commerce, the American Sub-Contractors Association; Builders Association of Missouri; Greater Kansas City Masonry Contractors Association; Association of Pointers, Caulkers and Cleaners; International Concrete Restoration Institute; and the Downtown Council of Kansas City.
